Subject: Application for consideration of our project "ScratchBox" under Apratim Navodayan Pahal

Respected Sir,

With due respect, we, Ujjwal Kumar and Keshav Tejra, students of Computer Science 3rd Year, wish to submit our project titled "ScratchBox" for consideration under Apratim Navodayan Pahal. This project has been developed under the valuable guidance of Shivang Sir.

"Scratchbox" is a practical and user-friendly platform for coding and workflow management. It will help students learn through interactive modules and hands-on practice, while enabling teachers to manage, track, and analyze student data more effectively. Overall, it supports both teaching and learning by fostering innovation and improving academic outcomes.

We seek support through this initiative to further develop and implement our project for wider academic use. We assure you of our full dedication and kindly request your consideration under this scheme.

Thanking you,

Yours sincerely,

Ujjwal Kumar, 0818CS231211
Keshav Tejra, 0818CS231100
